

Welcome to the OASIS School Volunteer Program!

As a registered OASIS Volunteer, you join over 12,000 Osceola County residents from all walks of life who willingly share their time and talents in a variety of ways. OASIS volunteers are a vital part of the educational system in our country and are indeed making a difference.

If you are a **new volunteer** and have never filled out an application online please go to <https://volunteer.osceola.k12.fl.us>. Enter your social security number and date of birth and then click the "Log In" button. You will be prompted to complete a NEW volunteer application. Your social security number will be blacked out as it is entered for security purposes. Your social security number is required so that a Criminal History Background Check may be done. By obtaining this criminal history information, the Osceola School District can more effectively screen out those volunteers who are not suitable for contact with children.

Previously registered volunteers will be required to update their application each school year. Enter your social security number and date of birth then click the "Log In" button. Your previous application will be loaded and you can update it to be RE-APPROVED for the current school year. You may log in with your social security number and date of birth **or** your previously established User Name and Password to update any changes necessary.

Upon application/re-application each volunteer is required to attend a Volunteer Orientation. Please contact our school volunteer coordinator or the OASIS office at 407-870-4080 for dates and times of scheduled orientations.

We sincerely hope that you will find your volunteer experience rewarding. Thank you for giving your time to help our children.
